- ▲ SOAP DISPENSING SYSTEM INCLUDED
- ▲ HYGIENIC CREVICE FREE ONE PIECE CONSTRUCTION
- ▲ VANDAL RESISTANT DESIGN

Description

The Kurve Corterra solid surface multiple bowl unit can be supplied with either two (372) or three (373) wash stations. The units are provided with integral thermostatic pressure balancing mixing valves and soap dispensing units mounted above each wash station. Sensor operation is supplied as standard but a hand operated option is available to order.

The Kurve units are supplied as standard in Smoky Granite Grey as illustrated at left (lower) on the two station unit. Other colours can be supplied.

Construction

The countertop, basins and sprayhead shelf are constructed of Corterra cast polyester resin. The sprayhead is fabricated of heavy gage type 304 stainless steel and includes vandal resistant flow control spray nozzles.

Individual basins for each user are provided with grid strainers and waste fittings.

The Enclosure assembly fabricated from type 304 stainless steel polished to a satin finish.

Wall mounting brackets are included

Options

- ▲ 2 or 3 user stations
- ▲ Non-standard colours
- ▲ Manual operation (sensor operation is standard)
