

SOLID SURFACE NURSERY WASH TROUGH WALL MOUNTED

PRODUCT CODE

388

OCTOBER 2017

Technical Specification

Length

The solid surface nursery wash trough is available in six standard lengths; 600mm, 1200mm, 1500mm, 1800mm, 2400mm and 3000mm. Alternatively any made-to-measure length up to 3000mm can be supplied.

Waste Outlet

The solid surface nursery wash trough is supplied as standard with a 38 mm (1½ inch) BSP unslotted flush grated waste fitting positioned centrally.

Tap Hole Position

The solid surface nursery wash trough is produced with either one central or two tap holes per user.

Tap Hole Sizes

The standard tap hole sizes are 22mm, 28mm, 30mm and 35mm diameter.

Tap Options

All solid surface wash troughs are available with a selection of mechanical and "no-touch" sensor operated taps and spouts. Please refer to our web site for suitable products.

Soap Dispensing

All solid surface wash troughs are available with a selection of wall or deck mounted mechanical and "no-touch" sensor operated liquid soap dispensers. Please refer to our web site for suitable products.
