

#### **Description**

- Model BF910 is a wall mounted bottle filling trough constructed from grade 304 stainless steel, 1.6mm thick
- Cost effective solution for providing multiple bottle filling stations rather than individual bottle filling stations
- For heavy duty use
- Available with 2, 3 or 4 bottle filling spouts (BOTTLEFILLER)
- Freestanding model also available (BF910-FRAME)

#### **Includes**

- Integral wall mounting points
- Centre 38mm flush grated waste fitting included (no plug or overflow)

#### **Delivery**

- Stock item - 1 to 2 working day lead time

#### **Dimensions**

This bottle filling trough can be supplied at different lengths to accommodate 2, 3 or 4 bottle filling spouts

**Lengths available:** 1200mm (2 bottle filling spouts), 1500mm (3 bottle filling spouts), 1800mm (4 bottle filling spouts), 2400mm (5 bottle filling spouts)

**- Height:** 150mm, **Front to back:** 400mm, **Rear upstand:** 75mm, **Tap Ledge:** 70mm

#### **Where can this be installed?**

- This bottle filling trough is ideal for locations where multiple users require bottle filling facilities at the same time
- Can be installed inside or outside
- Ideal for schools, colleges, gyms, factories etc
- If being installed in an environment where people may lean or sit on the trough, we recommend purchasing a pair of front support legs (see below) for extra support holding the trough up

#### **Optional Extras**

**WE305-FL** - Stainless steel front support legs (950mm unit height)

**WE-NURSERY-LEGS** - Stainless steel front support legs (600mm unit height)

**LARGE-PLASTIC-BOTTLETRAP** – 1.5" plastic bottle trap

**LARGE-CHROME-BOTTLETRAP** – 1.5" chrome plated bottle trap

**POWDER COATED FINISH AVAILABLE UPON REQUEST**
