

WE395 Incline Solid Surface Wash Trough

Material: Manufactured from Hi-Macs solid surface material which is a smooth, hygienic non-porous material which inhibits the growth of mold. The standard colour is Alpine White. Taplanding design for deck mounted taps.

Lengths: This trough is available in six standard lengths: 1200mm, 1500mm, 1800mm, 2400mm, 3000mm and 3600mm long. Made to measure sizes are available up to and including 3600mm long.

Waste Fitting: Slotted waste channel at front concealed 32mm flush grated waste fitting.

Installation: Wall mounted units are supplied complete with wall brackets for the trough to sit on. Sit-on vanity unit mounted units are supplied without brackets and will require suitable support underneath the trough along the whole length.

Tap Holes: Tap holes are drilled to customer specifications

Optional Extras: We can supply plastic or chrome plated brass bottle traps, taps and optional wall brackets (for wall mounting) and front support legs.
